

# About the Company

**Agenci Alpros** is a B2B marketing and exports firm with more than 18 years of experience working with reputed brands and clients.

**Agenci Alpros** is a digital evolution of Akshay Marketing, which was founded in 2002 as a traditional B2B Marketing firm. Our typical model of operations is BUY-STOCK-SELL in the industrial space.

We are exploring global opportunities for business in EMEA countries. Our vast base of products ranges from electrical goods, packaging solutions and window films to hot melt glue sticks and food products. We are using the EXPO-2020 platform at Dubai to launch our merchant export division by offering our products and services. We offer you customized products at competitive prices.

We have a dual approach of **B2B marketing** - direct supplies from the manufacturer to the customer in case of bulk volumes and in case of smaller volumes we offer ex stock. Where inventory planning is unpredictable, we offer supplies from our local warehouses to ensure your supply chain is not affected.
