SUSTAINABLE PACKAGING SOLUTIONS FOR FRESH FRUITS & VEGETABLES

KEEPING IT FRESH - SINCE 1993

Over the years, AVI Global Plast Pvt. Ltd. has come to be recognised as a leading manufacturer of packaging materials and supplier of Packaging Products. Through continuous investments in technology, training and innovations, the team has ensured that the Company has carved out a clear niche for itself. AVI operates with the dual purpose of mitigating fresh produce wastage through innovative designs and packing solutions, and at the same time, balances the impact of its packaging through its choice of sustainable materials like rPET - made from Post Consumer PET bottle Waste, BIOPET - made from 30% renewables, and compostable materials like PLA and Anerobical Digestible in landfills.

Manufacturing facility at Daman, in western India

Today, the Company is associated with leading brands around the world and across a wide range of products - from Fresh Produce, Food, FMCG, Dairy, Industrial Products, etc. Our high-grade products ensure that our partner-brand owners' products are safe and secure. The quality of our products is a reflection of our state of the art infrastructure which is SEDEX qualified and BRC certified. We observe good manufacturing practices under FSMS ISO14000 and ISO 9001:2000 guidelines and all our products conform to Global Food Quality Standards under EU and REACH Guidelines. Our technology allows us to produce packaging film and products using up to 90% Post-consumer Waste, which is layered with a choice of virgin APET or BIOPET.

PUNNETS & TRAYS TO SUIT YOUR REQUIREMENTS

AVI Global Plast recognised the importance of packing that offers packers aesthetics, safety and longer shelf life before developing its 'PRIME' range of punnets. These help in delivering farm fresh produce to the customers' table and, a delightful experience always. All our punnets are designed to provide proper stacking and with strategically positioned vents that provide the right amount of pre-cooling for produce like grapes, thereby ensuring the least amount of power and time is utilised for a perishable to reach the market.

Over a period of time, PRIME has become a preferred brand for most growers, packers, exporters and supermarkets in the Indian subcontinent. Apart from India, PRIME is well received across the globe in countries like Brazil, Spain, South Africa, Portugal, etc. What sets PRIME apart is its consistent product quality, constant innovations and a range of customisations that ensure the right product for every type of fresh produce.

LEADING THE WAY WITH R-PET RECYCLING

AVI Global Plast is the first packaging company in India to proactively carry out its EPR (Extended Producer Responsibility) by collectively participating in the waste collection from over 100,000 citizens in the city of Mumbai. AVI Global is supporting 'UN Champion of Earth', Afroz Shah and his volunteers, with his mission of training people on waste segregation and circular economy. The Company has also sponsored a boat to help collect floating debris from the mangroves. The Company also supports the clean-up of the beaches by a Bobcat machine at the Versova beach in Mumbai, India.
